Max. area performance (m ² /h)	200
Frequency (Hz)	50-60
Voltage V	230
Weight (kg)	11.5
Dimensions (L x W x H) (mm)	390x335x1180

Details

Description

Kärcher's new BR 30/4 C scrubber drier eliminates the hassle and safety risks associated with floor mopping in public areas. As easy to use as an upright vacuum cleaner, the BR 30/4 thoroughly cleans and dries floors in a single pass, and can also be used for deep cleaning. Using a BR 30/4 C is faster, easier, more hygienic and safer for operators and public than mopping, leaving floors instantly clean, safe and usable. The BR 30/4 C is designed to be safe and hygienic for operators. Its four litre clean and dirty water tanks are fully removable and easy to clean and refill, while the roller brush and squeegees can be removed and replaced without tools. The machine's exceptionally low cleaning head height (only 7cm) makes cleaning under furniture easy, while the vacuum can be switched off to enable initial scrub and detergent lay for deeper cleaning.

Application

- Catering - Toilets and changing rooms - Hotels and spas - Supermarkets - Kitchens - Small shops - Filling stations

Features & Benefits

- Hygienic - no direct contact with dirty water
- No gloves or protective equipment required
- Easy to transport
- As easy to operate as a vacuum cleaner
