Details

Description

This step-on scrubber drier offers the maneuverability of a walk-behind machine and the speed of a ride-on machine. The BR 60/95 RS Bp Pack is the ideal machine for super markets, industry, public buildings, health care and contract cleaning. The minimal turning radius of only 130 cm also enables to clean even winding and tight areas completely. Optimal adjustment to different surfaces due to adjustable contact pressure of brushes and adjustable amount of water. Uncomplicated change of brushes without tools. Contrarotating brushes save water and detergent. Integrated sweeping device for sweeping and scrubbing in one-step only. The separate filter for big dirt saves the dirt-water hose from plugging. Easy and uncomplicated battery replacement for longer working hours thanks to the optional battery cartridges.

Application

The BR 60/95 RS Bp Pack is attractive for following target groups: Contract cleaner, public buildings, industries, health care and supermarkets. The machine works economically in areas from 1.500 - 3.500 m².

Features & Benefits

Perfect overview: Due to the compact dimensions and the standing position, the operator has a perfect field of vision - only 30 cm from the front end of the machine. This provides an improved cleaning result and more safety. Standing position: Quick stepping on- and off for example to put objects aside. Compact design: For easy access of tight areas. Small turning radius: 130 cm. High maneuverability for high area performance. Automatic water- and brush- stop when machine stops. Protection of surfaces due to automatic control of pump and brushes. Brush head with two contrarotating roller brushes (305 mm): Therefore reduced need of water- and detergent. For long time- and cost saving working intervals. Battery cartridge: Fast and secure change of batteries. Thus enlarged working intervals. Clearly arranged display: Easy and intuitively understandable functions. Use of the machine is easily learned. No intensive training needed. Integrated sweeping device: Sweeping and scrubbing in one step for efficient cleaning. Use of roller-brushes: High contact pressure for fast and highly effective cleaning also of splices and rough surfaces.

Accessories

Rechargeable batteries + chargers

Charger

Charger for battery 6.654-141 - 12 V. -105 Ah (CV 85/2 RS Bp)

Order no. 6.654-229.0

Battery (12 V, 100 Ah)

Use for CV 85/2 RS Bp, 3 pieces needed/ unit - maintenance-free

Order no. 6.654-141.0

Roller brushes for BR

Roller brush, hard, 600 mm

grey, for deep cleaning

Order no. 8.628-391.0

Roller brush, medium, 600 mm

white, for all surfaces

Order no. 8.628-389.0

Vacuum sweepers and scrubber driers - 12V

Battery (12 V, 100 Ah) (C5) maintenance-free

for machines with 24V 2 pcs required; for machines with 36V 3 pcs required

Order no. 6.654-141.0
