

## BRS 40/1000C \*EU

Floor scrubber for cleaning and stripping smooth and structured floors. Additional applications see also: Polishing hard floors and shampooing carpets.

### Standard accessories:

- Mains operation
- Tank optional 10 l
- Tank optional 10 l

**Order number: 1.783-330.0**

### Technical data

Working width (mm)	400
Working height (mm)	135
Flächenleistung praktisch	-
Area performance (m <sup>2</sup> /h)	450
Motor rating (W)	2100
Brush rotation speed (rpm)	-
Sound pressure level	-
Frequency Hz	50
Voltage V	230
Weight (kg)	38
Dimensions (L x W x H) (mm)	520x470x250

## Details

### Description

The BRS 40/1000 C combines the advantages of single-disc machines with those of roller brush units. A special feature of the machine, which is equipped with two contra-rotating roller brushes, is a handle which rotates in several steps up to 90 degrees on both sides and can be locked in position.

In the normal position, the machine is swung to the right and left like a single-disc machine and achieves a high area performance. Locking the handle in the 90-degree position allows the operator to work in precise lanes, forwards and backwards as with a standard scrubber drier. This enables effective cleaning of large areas and cleaning to be performed close to walls and other fixed obstacles.

In terms of cleaning performance, the BRS 40/1000 C is just as good as its bigger brothers. Its contra-rotating roller brushes produce a very high maximum contact pressure of 230 g/cm<sup>2</sup>. Even heavily structured surfaces, such as studded rubber floors and non-slip tiles, present no problems. Its low-profile construction means that it can also reach floor areas underneath radiators, cupboards and shelves (min. 170 mm); on the flanks only (100 mm).

The robust, smooth-running induction motor has a high power output of 1600 W. The motor bracket is made of solid aluminium, the base plate of stainless steel. No tools are required for carbon brush replacement. Two sturdy rollers guarantee easy manoeuvrability. The handle folds down so that the unit can be stowed in a minimum of space or transported in a passenger car.

---

## Accessories

### Microfibre shaft

#### Microfibre roller

Micro fibre roller, length 400 mm. Combines the excellent cleaning power of microfibres with the advantages of roller technology. Ideal for cleaning fine stoneware tiles.

**Order number 4.114-004.0**

### Miscellaneous

#### Filling hose

Filling hose, 1500 mm. With universal funnel. Facilitates machine filling from a water tap.

**Order number 6.389-524.0**

#### Extension cable

Extension cable, 20 m, 3x1.5 mm<sup>2</sup>. With splash-proof earthing pin plug, strain relief and anti-kink sleeve.

**Order number 6.647-022.0**

### Roller brushes for BR

#### Roller brush, medium

Roller brush, medium-hard, red. Length: 400 mm. With wear-resistant star-wheel mechanism. For normal use. Bristles: Polypropylene, 0.4 mm thick, 20 mm long.

**Order number 4.762-458.0**

#### Roller brush, very soft

Roller brush, very soft, white. Length: 400 mm. With wear-resistant star-wheel mechanism. For cleaning sensitive floors and polishing. Bristles: Polyamide, 0.3 mm thick, 20 mm long.

**Order number 4.762-250.0**

---

**Roller brushes for BR**

**Roller brush, high/low**

Roller brush, high/low, medium-hard, orange. Length: 400 mm. With wear-resistant star-wheel mechanism. For cleaning heavily structured floors and deep crevices. Bristles: Polyamide, 0.6 mm thick, 15-20 mm long.

**Order number 4.762-251.0**

---

**Roller brush, hard**

Roller brush, hard, green. Length: 400 mm. Wear-resistant star-wheel mechanism. For heavily soiled floors and basic cleaning. Bristles: Polyamide with silicon carbide, 0.6 mm thick, 20 mm long.

**Order number 4.762-252.0**

---

**Roller brush, soft**

Very soft, made of horsehair, perfect for spray cleaning and for polishing.

**Order number 4.762-274.0**

---

**Roller brush, very hard**

Very hard, for extremely sticky dirt and for deep cleaning; for unsensitive surfaces only.

**Order number 4.762-481.0**

---

**Roller pad shaft**

**Roller pad shaft**

Roller pad shaft, aluminium For roller pads or microfibre rollers, length 400 mm.

**Order number 4.762-228.0**

**Roller pads, premounted on sleeves**

**Roller pad on sleeve, soft**

Soft, 96 mm, roller pads premounted on sleeve, for polishing and for spray cleaning of non-structured surfaces. Combined with roller pad shaft 4.762-228.0. Machine requires 2.

**Order number 6.369-724.0**

**Roller pads on sleeve, hard**

Roller pads, hard, green. Pre-mounted on sleeve, 96 mm diameter, 400 mm length. For removing stubborn dirt and basic cleaning of non-structured floors.

**Order number 6.369-725.0**

**Roller pads on sleeve, medium**

Roller pads, medium, red. Pre-mounted on sleeve, 96 mm diameter, 400 mm length. For cleaning non-structured floors. For use with pad roller shaft 4.762-228.0.

**Order number 6.369-726.0**

**Single disc machine**

**Pump spray bottle 1 l**

1 litre pump spray bottle. For easy, uniform spraying for cleaning or crystallising. Includes pump and pressure tank.

**Order number 6.394-409.0**
