

With the air blower AB 84 we offer a robust, mobile and powerful dehydration machine after spray extraction cleaning. With its ergonomic handle and the two wheels the machine can be transported easily. The powerful air blower ensures a fast dehydration time of carpets. Also applicable for the construction drying and after water damages in buildings.

**Standard accessories:**

- Safety class II
- Robust plastic housing
- Handle folding
- Chassis
- Ergonomic carrying handle
- Speed levels 3
- Integrated power cable reception
- Carpet holding clip

**Order number: 1.004-017.0****Technical data**

Air flow rate (level 1 / 2 / 3) (m <sup>3</sup> /min)	56-70-84
Motor rating (level 1 / 2 / 3) (rpm)	1050-1350-1600
Motor rating (W)	max. 700
Length of cord access. (m)	10
Weight (kg)	17.6
Dimensions (L x W x H) (mm)	580x410x550

## **Details**

### **Description**

Robust, impact-proofed, plastic housing with integrated power cord storage.

In addition the AB 84 has a ergonomic foldable upright handle and large transport wheels.

Powerful radial fan and aerodynamic moulded housing.

Three speeds of air movement possible.

Built-in carpet clip for loosley laid carpets.

Reduces drying time considerably.

---

### **Application**

Contract cleaners, hotels (carpet dehydration), service providers for building dehydration (wall and pavement dehydration) as well as service providers for flood restoration (caused by fire water, pipe burst or flooding)
