## Details

### Description

Professional spray extraction cleaner for medium-sized areas. Fresh water tank with filter element allows long periods of operation and protects the pump from contamination. Robust, compact housing made of durable plastics makes unit lightweight and easy to carry. Two large wheels and two castors for excellent manoeuvrability. Pushbuttons for spraying and vacuuming modes conveniently positioned on top of the unit. Easily removed transparent suction dome enables recovery performance to be checked at a glance, defoamer tank in cover ensures maximum use is made of dirt water tank's capacity. Service-friendly, rubber-mounted pump and fan module. 9-litre dirty water tank simply lifts out.

---

### Application

For medium-sized areas in commercial applications and households.

---
